NEW EXPERIENCE!**

## MEET THE NEW OWNERS

Welcome everyone from Pat Thomas and Jeremy Dueck. 2022 is going to be a wonderful season, hopefully we can get out and enjoy a round together with some of you this summer. In the meantime, we'd like to introduce ourselves and tell you a little bit about us.

Pat Thomas also known as Uncle Pat, is a successful businessman living in Las Vegas, Nevada. He owns seven McDonald's ([mcvegas.net](http://mcvegas.net)) and many other businesses. Pat's goal is for everyone to have a great overall experience at Water Valley Golf Club. You will see Pat around the club three to four times a year.

Jeremy Dueck and his family live locally in Bearspaw, Alberta. Jeremy runs a successful exterior company in Calgary. Growing up Jeremy worked at many private golf clubs around Winnipeg, Manitoba. As well as played golf competitively at many different levels.

While both of us have different backgrounds our passion is and always will be golf! We plan to make you as excited as we are during this new season. We look forward to welcoming both old and new members, let's make WVGC the best club it can be, TOGETHER!

## RENOVATIONS

The Clubhouse, Pro Shop and Snack Shack are currently undergoing a full scale renovation. All three areas are getting a major overhaul of both the interior and exterior.

We are also making many improvements around the course. With new tee boxes on a couple of holes, as well as a new and improved driving range. In Spring 2022 we are adding a new maintenance building. For those adventurous players we also are introducing specialty powered one seat golf scooters.

Water Valley Golf Club will be hosting an Open House in Winter/Spring 2022. We'd like to meet you and answer any questions you may have in person and provide tours of the renovated Clubhouse. Open House details will be coming soon.

Here's a sneak peek of the bar & grill dining room. The image pictured above is a 3D rendering and gives you an idea of what the finished product will look like. The interior renovation is being completed by Modern Build + Design ([modernbld.com](https://modernbld.com)).
